Safeguarding

- Everyone's responsibility

Safe, inclusive and trusted

- Listen to young people and take concerns seriously
- Recognise, respond and report concerns promptly
- Follow current Scouts safeguarding procedures
- Never investigate a concern yourself

We are committed to making Scouting in South West Cheshire accessible to all young people and want every young person to feel safe, welcome and supported throughout their Scouting journey.

To help our adult volunteers, other Squirrels, Beavers, Cubs, Scouts and Explorers, if your child/young person has any:

- 1. additional needs**
- 2. difficulties with personal boundaries**
- 3. behaviours that may affect their safety or the safety of others**

please discuss this in confidence with their Leader.

Formal diagnosis is not needed, and sharing any relevant information, including strategies or supervision arrangements that help at home or school, will really help us to support and keep all young people safe in their Scouting activities.

We welcome these conversations without judgement and we would also request that parents/carers keep us informed of any changes.

Please be assured that all information you give us will be treated sensitively and shared only with your permission with those who need it to support your child/young person, unless a safeguarding matter arises.

Jacqui and Ryan & Fabio will visit each group in turn. Sections stay in their own rooms.

How can young people have a real say in what they do each week?
